

# Habitat for Humanity - Powhatan

17h · 🌐

Today we hosted our Rural Housing Workshop and had a great time meeting so many community members and discussing local land use, the importance of planning, the history of housing discrimination, heir's property and the state of housing! A big thank you to Elizabeth Palen from the [Virginia Housing Commission](#) , Marlo Ford from [AlexandriaVA.gov](#), Sean Clendending from the Powhatan Planning Department, and Ebonie Alexander from [Black Family Land Trust](#) for joining us today and providing wonderful information and facilitating great conversation.
